The Finest Bakery Goods Made in Memphis.

SHOW us the man, or woman, or child, that doesn't like hot rolls! And now, since the Barker System of Bakeries has opened a wonder-of-the-age shop in Memphis, hot rolls are possible in every home, cook or no cook.

As produced in this modern bakery, hot rolls are really a work of art—white, light as a feather, with a golden crust, not too crusty—just enough to be perfect.

They're made of the hard wheat flour which is milled especially for us. It is a very fine flour and costs more than an old-fashioned baker thinks should be paid for flour. The flour, however, is merely in the same class as the other ingredients—pure milk, delivered to us fresh and unskimmed early every morning; Fleischman's yeast, Wilson & Co.'s very best leaf lard, etc.

No substitutes are ever used by us. We do not believe fine bakery goods can be made from substitutes. After all, quality tells—and the story is well told by our hot rolls—

Demurrage Charges Cut, Townshend Tells Lumbermen

The reduction by the director-general of the railroad administration of demurrage charges to \$2 per day for each of the first four days after expiration of free time and \$5 per day for each day thereafter, was announced to its members Tuesday by the Southern Hardwood Traffic association. Provision will also be made that the average agreement will be applied to cars held for loading as well as unloading, but the loading and unloading agreement will be separate.

In making the announcement J. H. Townshend, secretary-manager of the association, urged the members to work together with a view to loading and releasing equipment with the least possible delay. As "Mr. Hines expressed some doubt as to whether the prompt loading and unloading of equipment could be secured by means of these reduced charges, and announced that if the results were not successful he would feel compelled to increase the demurrage rates."

RUSH DEMOBILIZATION.

It is reported that the French army mobilization will be carried out with all possible speed and that the classes of 1907, 1908 and 1909 will be mustered out the day after the treaty is signed.

THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing—but we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist.

This makes the offer one which you can absolutely depend upon, because the druggist with whom you have been trading would not stand behind the guarantee if he did not know it to be an honest and legitimate one.

Hunt's Salve, formerly called Hunt's Cure, has been sold under absolute money back guarantee for more than thirty years. It is especially compounded for the treatment of Eczema, Itch, Ring Worm, Tetter, and other itching skin diseases.

Thousands of letters testify to its curative properties. M. Tinnerlin, a reputable dry goods dealer in Durant, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of Hunt's Cure entirely cured me."

Don't fail to give Hunt's Salve a trial—price 75 cents, from your local druggist, or direct by mail if he does not handle it.

JUDGE HARSH EASY ON COUNTRY NEGROES

Love of cheese nearly opened the penitentiary doors to Grant Grayhouse, Joe Thomas, Dennis Hall and Richard Hamilton, all negroes, in second criminal court Tuesday. Had not Judge Tom Harsh been human as well as humane, the negroes might face sentences of one to five years in the penitentiary. But, when testimony showed that cheese, the property of the I. C. Railroad, had been found by the negroes along the right-of-way, and that they took it home, Judge Harsh told the jury:

Before Palm Beach Clothes were invented, discomfort was pardonable

WITH the coming of Genuine PALM BEACH, the world began to enjoy mid-summer.

In olden days, serious men who worked, envied the go-aways. To escape from the stickiness of sultry summer, it was necessary to pack a trunk, pull up stakes, and journey to the hills or shore.

But now, wise men who perforce must stay at home, simply walk into the nearest reputable clothes shop, and ask for a Genuine PALM BEACH Suit.

Naturally, they look for the trade-marked Label, because after all, though it is made in many shades and patterns, there is but one PALM BEACH and when it's a question of investing in a season's comfort, one can afford to be careful.

How is Your Liver?

Biliousness

When you are bilious, you may suffer from sick headache, bad taste in mouth, coated tongue, your eyes often have a yellowish tinge and you probably also have constipation, lack of appetite and other disagreeable symptoms—any of which may show that your liver is out of order.

A remedy once greatly used but now losing its popularity, was calomel, but calomel, in whatever form compounded, always remains calomel, a mineral poison, that should be taken with great care and under a physician's advice, because of the danger of bad after-effects.

That is why so many doctors recommend Thedford's Black-Draught, the vegetable liver medicine, containing no dangerous drugs and free from all mineral poisons.

For over 70 years, Thedford's Black-Draught has been in constant use and during that time its sale has shown a steady increase, proving that it is a remedy of real merit that gives satisfaction to its thousands of users.

Try Black-Draught. At druggists, price 25 cents a package.

In the daily queue at the embassy are French girls, and from nearly all the provinces. There are large girls and small girls, beautiful and plain girls, simple country girls, unassuming and well-to-do girls in the rakish hats and short skirts of the Paris boulevards.

Nearly all the brides speak some English, far more English usually than the French their husbands have acquired.
